School Website

I have been changing and updating the school website. I encourage you to check out our website. Please look at our Newsletter tab, Our What's Happening Page, and Events area. This is how you will always know what is happening at Riverside. I will be updating the school newsletter weekly from now on so you will know the latest.

Portable Update

Our portables have arrived, and our goal is to have them ready for September. Please look under our "What's Happening" page and see how you can be a part of this school transformation.

Easter/ Spring Break

We want to remind you that school is out for break beginning this Friday. We begin with celebrating Easter this weekend and then continue the rest of next week with Spring break. Classes will resume on Monday April 17th. I hope that you have a wonderful break with your family.
